# AS A PARENT, WHY SHOULD I SEND MY CHILD TO TEEN FEST?

## MEETING MENTORS AND INFLUENCERS

We believe Teen Fest is a great platform to get inspired and discover new avenues for growth. By meeting industry experts, your kids can get their questions answered and understand what it takes to succeed in areas that they are interested in.

## GAINING A GLOBAL OUTLOOK

By meeting peers from around the world, your kids will begin to see the world differently. Not only will this make them more adaptable as they grow older, but they will also become better communicators. Often, it also takes such cross-cultural exchanges to appreciate and identify what benefits we ourselves have had where we grew up, and to mature with the understanding that not everyone sees the world the way we do.

## UNDERSTANDING STRENGTHS AND WEAKNESSES

Teen Fest contributes to the holistic educational growth of your kid by exposing them to new fields of study. If a teen develops an interest in a particular area, this is their chance to understand how to further their study of this area.

## INSPIRING STUDENTS THROUGH PLAY

Schools are instrumental in influencing a child's future. Schools shape us, and teachers never tire in their mission to inspire us to learn more and further our education. Teen Fest aims to support schools and teachers by showing teens what they are capable of achieving, if they work towards it with belief.

The games and competitions during the event are all friendly, and the competition that arises from it will be healthy. This will also be an opportunity for your child/ students to showcase their talents and learn by doing.

## BUILDING SCHOOL PRIDE

The various contests and other events at Teen Fest will encourage group work and peer bonding. This is a big opportunity for students of your school to come together, work together and beat the competition.

Teen Fest will be organised for a period of three days with all kind of activities like games, activities, workshops, lectures, performances, yoga meditation session. The primary agenda is to inculcate the idea of **Ignite, India, and Indulge.**

We'll inform you about the exact schedules once they're ready. We'll make sure you get to know about it via our social media channels.
